Among ordinary pines and firs you can see trees from all corners of the world. Some parts of the trails pass through one of the world's northernmost arboretum (collection of foreign trees). You live in your own house with self-catering, near the forest. In the morning you can start with a bath in the Baltic sea before the fun begin. Welcome!

Proposed arrangement

Day 1: You arrive at Hemsön where we meet up. The ferry to Hemsön is free, takes 5min and leaves every full hour and half hour. You get access to your house before you get the full suspension bikes and hit the trails. We recommend you a route based on your expectations before cycling off. Bring your own lunch / coffee or take a route past the restaurant at Hemsö Fortress.

Day 2: The day begins at the kayak rental, 1 km from the accommodation. We review the equipment, look at the weather forecast and create a route based on your expectations. We are happy to share some kayak technique and can paddle with you for a while if you are a beginner. Bring your own lunch / coffee. You can kayak all day and meet the sunset in the water.

Day 3: You clean the house before you leave the island.

Bring the food you want to eat. There is no grocery store on Hemsön. An à la carte restaurant is located at Hemsö Fortress with the best view of the Bothnian Sea.
